# HOW

**Shabnam's Biggest  
Dream of Life Came True**

**Know from the TOPPER herself !**

I came to know about FIITJEE through my seniors. They told me that AITS is very helpful in learning to give the exam in CBT mode under exam conditions, as well as polishing off any rough edges in my preparation. This encouraged me to join the program. I had first joined AITS and later enrolled in ICP classes. Studying with other top rankers from my city in ICP motivated me to pick up my pace and push myself harder. The teachers were adept at explaining new concepts which helped cover some of my weak topics. Thus ICP classes increased my ability to tackle more conceptual questions. Being able to practice giving the exam in CBT mode in AITS developed my confidence to be able to face the final paper. The prompt uploading of the test papers on the website was very helpful in enabling me to analyse my performance soon after the paper. AITS also exposed me to a diverse set of questions, gave me practice of writing tougher papers, and helped me get an idea of my standing at a national level. My advice to juniors would be that wherever or however you are preparing, it is your hard work and belief in yourself which will make the difference. These two qualities, along with my overall experience at FIITJEE, made me more confident and prepared to face the challenge of the paper.

Hi, I am Manan Aggarwal. I joined FIITJEE at the end of 10th class for NTSE stage-2 preparation. Later, I enrolled for the Two Year Program in FIITJEE Punjabi Bagh.

The faculty of FIITJEE is the best part about it, who constantly take quizzes, give CPP's and home assignments. Doubt classes were also regular. Many test series were conducted, like AITS and AITs which helped me analyze my performance nationally.

The materials provided by FIITJEE like GMP, RTPF, RSM, etc. are excellent, and ideal for JEE preparation.

With FIITJEE, I cleared many exams like NTSE, KVPY, NSEC, NSEP and NSEA. Also, I cleared InPhO. I got 95% marks in CBSE boards and got 194th rank in JEE Mains.

This program also ensures that Students don't have to compromise on sports & other extra-curricular activities while preparing for Exams.

# HOW

## E. Shreepranav's Biggest Dream of Life Came True

**Know from the TOPPER himself !**

I am E. Shreepranav Varma from FIITJEE Hyderabad. I first heard of FIITJEE from my cousin who highly recommended it for IITJEE coaching. So, I joined the 2 Year Ascent Programme in 9<sup>th</sup> which gave me a strong foundation in concepts during my 9<sup>th</sup> and 10<sup>th</sup> grades.

As I was very impressed with FIITJEE, I upgraded to the Pinnacle Two Year Integrated Programme where I did full time coaching during 11<sup>th</sup> and 12<sup>th</sup>. Aside from the top notch experienced faculty and amazingly structured coursework, FIITJEE provides a great competitive environment. There are 2 weekly exams conducted to make sure students can keep track of their progress regularly. Also, the Computer Based Tests provide excellent exposure to students in order to tackle online exams.

Apart from just JEE, FIITJEE also provides training for other exams like KVPY and Olympiads. Due to frequent mock tests and mock interviews, I secured an All India Rank of 24 in the KVPY SA stream. FIITJEE's training also enabled me to clear stage 2 of the Physics, Chemistry, Math and Astronomy nationwide Olympiads and I was invited to Orientation and Selection camps in all 4 of them, among which I chose Mathematics.

Finally, all the AITS part tests and full tests equipped me to face JEE Main and Advanced confidently. I scored a percentile of 99.9987% and a rank of 53 in JEE Main 2019.

I would wholeheartedly suggest FIITJEE to any aspiring students to have a focused and stress-free JEE coaching experience.

Thank you, FIITJEE!

## Know from the TOPPER himself !

I am Gurnoor Singh, a student of FIITJEE, Amritsar. I joined in class IX in four-year classroom program. The classroom environment was very engaging as well as competitive which made me to work hard. Teachers also were extremely well-versed in concepts and focused on all topics equally. At the end of each chapter, they exposed us to almost all variety of questions asked in JEE.

Weekly tests, CPP's, regular doubt sessions, revision sessions helped me to reach my maximum potential. Those tests, AITS, Airt's helped me to judge myself at national level. Archives, GMP, RTPF were the ultimate source of high standard questions which helped me sharpen my skills.

For online practice of JEE Main and Advanced, MyLab tests were really helpful. CBT mode of AITS helped me to shed my fear off the online examinations.

Thus I owe my success to my parents and teachers at FIITJEE Amritsar who motivated me at every point.

# HOW

## Shubhan's Biggest Dream of Life Came True

### Know from the TOPPER himself !

My name is Shubhan Srivastava. I joined the Two Year Classroom Programme at FIITJEE Dwarka when I was in Class XI. I've cleared JEE Main 2019 examination with a perfect score of 360/360 and 100%ile and thus secured Rank 1.

Before joining FIITJEE Dwarka, I was not very serious about my studies. After joining FIITJEE however, I realized the importance of being regular in studies. The teachers at FIITJEE Dwarka are highly qualified and they taught us the concepts really well. They were always available to clear our doubts at any point of time. After a chapter was completed, we were given questions of a good level to solve. It helped recapitulate the concepts that were taught in the class.

FIITJEE Dwarka conducted weekly tests of both mains and advanced pattern. After the tests, a discussion used to be held and we would work on our weaknesses. FIITJEE immediately switched to CBT mode after the news that JEE would be held online. These tests gave me a real time experience of JEE and hence I managed to give JEE main without anxiety.

My deepest gratitude to FIITJEE Dwarka; its faculties and staff for their constant motivation and them transforming me into a student who is capable of clearing JEE with a good rank.

Student of Four Year Classroom Program at FIITJEE Ghaziabad Centre

Hi! I am Arpit Maheshwari. I joined FIITJEE's 4 year Classroom program in class IX in 2015. Joining FIITJEE early in class IX helped me a lot to prepare myself mentally. I cleared NSEJS and NTSE in class X, KVPY in class XI and NSEC and NSEA in class XII. I have achieved 99.955 percentile in JEE MAIN 2019. FIITJEE's upto date material and regular doubt clearing sessions helped me improve my concepts. Our course was started early which gave me enough time to cope up with tough concepts. All India Test Series (AITS) in CRT mode also helped a lot. During the course of preparation there are some difficulties which many of us face. During such time one must not lose patience and maintain the temperament. Efficient time management and regular self study are the key to success. One must look for a study centre near their home so that they can save their time. My message to the future aspirants is that they should practise regularly and remain consistent. They should also give enough time to their self study.

THANK YOU FIITJEE !!

**Karthik Balaji G**

Student of Two Year Classroom Program at FIITJEE Chennai Centre

I am G. Karthik Balaji, a student of FIITJEE's 2-year Classroom Program. My friends' glowing recommendations about the institution, combined with my own interest in science, made me join FIITJEE in class 11.

Initially, I wasn't serious about the concept of entrance examinations, and only used to explore topics I was interested in. However, this carefree attitude cost me in the KVPY SA exam, in which I missed the cut-off by 0.5 marks. This setback ignited a fire in me to supplement my education with hard work and practice.

Central to my Renaissance was the support and teaching methodologies of the faculty at FIITJEE. The study material provided by FIITJEE complemented what we learned in class, and provided exposure to various kinds of problems. Keeping up with what was taught in class, and avoiding accumulation of backlogs, was essential to maintaining a stress-free mindset. Under the guidance of my teachers, I was able to secure AIR 584 in the KVPY SX stream, which was a great morale-booster.

Over the course of the 2 years, the regular phase tests conducted kept us in regular touch with the subject material. Towards the end, these gave way to the AITS exam series. The advanced level of problems in the AITS kept us on our toes, and encouraged us to think deeply. AITS, combined with the GMP and RPPF papers, placed great emphasis on the fundamentals, and strengthened our conceptual base.

This intensive revision schedule helped me achieve an All India Rank of 409 in the JEE Main 2019. I also stood as the state topper in the CBSE Board examinations, with a mark of 497/500. FIITJEE played a vital part in this journey of mine.

## INTERNATIONAL OLYMPIADS 2016-17

**FIITJEE Students had won plaudits for the country by winning  
4 Gold, 2 Silver & 1 Bronze Medals in International Olympiads 2016-17.**

I came to know about FIITJEE from my school where  
ETRE is held. Also some of my friends were  
students of FIITJEE Durgapur and recommended it.

I joined in FIITJEE in 2011 when I read in class VII.

There has been a drastic enhancement in my confidence  
level and my attitude has changed. I see failure and  
success as sides of a same coin because failure is the  
stepping stone to success.

FIITJEE has opened a new horizon to my studies,  
has helped me perform better and better, helped  
me to stay focussed, gave me their best efforts  
to bring out the best in me.

Irin Ghosh

The teachers at FIITJEE are  
very knowledgeable and explained all  
topics in complete details. The doubt  
clearing sessions further increased my  
speed and confidence.

I owe my success to my parents and  
FIITJEE only.

When I joined FIITJEE, people around me already went through 2 years of preparation. I had to cope up. I struggled initially, but I worked out a plan to manage school and JEE preparation. I went through about it. The study plan of FIITJEE made sense, I worked systematically. The test series and exam plans worked wonders. Especially the chap tests which were held once a week, covered up all possible topics and questions from a given chapter.
